*Re: Participation in the regular Meeting of the International and Expert Groups
for Introduction of the “Single Window – Local Solution” Technology and
providing information concerning the activities carried out for its implementation*

In pursuance of Resolution of O. Proskuriakov, Minister of Ecology and Natural Resources of Ukraine, the State Ecological Inspection of Ukraine has studied the Letter of the Ukrainian National Committee of the International Chamber of Commerce dated 10.02.2014 # 60 concerning appointment of candidates for participation in the regular Meeting of the Interagency Working and Expert Groups for Introduction of the “Single Window – Local Solution” Technology in the Operations Area of the Pivdena Customs House and Odessa Region Ports and providing the information on the activities carried out for the purpose of the said technology implementation and in this connection informs about the stated below.

The following workers of the State Ecological Inspection of Ukraine and its territorial branches will take part in the regular Meeting of the Interagency Working and Expert Groups for “Single Window – Local Solution” Introduction:

- **Oleksandr Mykolaiovych Tverdokhlib**, Deputy Director of Department for Natural Resources Ecological Control, Chief of Section for Natural Resources Ecological Control; and
- **Oleg Mykhailovych Zolotariov**, Chief of Section for Ecological and Radiological Control at the State Border Checkpoints of the State Ecological Inspection for the Black Sea North-West Region.

At the same time we inform that in order to implement the decisions of Interagency Working and Expert Groups and for the purpose of introduction of the “Single Window – Local Solution” technology in the operations area of the Pivdena Customs House and Odessa Region ports the State Ecological Inspection for the Black Sea North-West Region has carried out the following activities:

1. Obtained the electronic digital signatures for State Inspectors working at the ecological checkpoints of “The Odessa Commercial Sea Port” and “The YUZHNYI Commercial Sea Port”;
2. Concluded an agreement of joining Agreement of Information Cooperation with State Enterprise “Administration of Sea Ports of Ukraine”;
3. Concluded an agreement of providing access to the Port Community Information System with the Data Processing Centre of LLC PPL 33-35, and obtained the information required for connection to the said system; and

4. Equipped the work place at the ecological checkpoint “The YUZHNYI Commercial Sea Port” with the operating system and program software, which meet the requirements of Derzhspetsviazok of Ukraine.

P. B. Zhyla,
Head
